TRANSET 538 MNEX FUEL TRANSFER SET-EX-PROOF

It is used to transfer fuel to another region with high flow rate. Our product includes MID certified MTS 20 MN mechanical numerator fuel meter, 500 lt/min fuel pump, ex-proof or standard electric motor upon request, ex-proof electrical panel and switch for ex-proof motor types, ATEX certified 10-meter grounding for static electricity. It has a reel and a special fuel filter. It is mounted on a fixed chassis in standard production, but it can also be mounted on a portable wheeled chassis upon request. The fuel pump to be used may be crawler, star gear or sergeant gear type, depending on the area of use and the specific situation of the project. The mechanical counter is produced for use in industrial environments and provides 0.5% accuracy under suitable conditions.

Counter:	MTS 30 MN FUEL METER WITH MECHANICAL NUMBERS
Electric Motor:	380 V, 4 Kw, 1500 Dv/Min, Ex-Proof
Pump:	MPP 500 EX PALLET FUEL PUMP
Grounding Reel:	MTS-M10S Grounding Reel, 10 meters, manual winding, Ex-Proof
Control Type:	Ex-Proof Switch
Capacity:	550 Lt/Min.
Weight:	190 kg.
Dimension (LxWxD):	900x800x1200
