TRANSET 838 MNEX FUEL TRANSFER SET-EX-PROOF

It is used to transfer fuel to another region with high flow rate. Our product includes MID certified MTS 40 MN mechanical numerator fuel meter, 1000 lt/min MTS-MPP ATEX Certified Vane Pump, ex-proof or standard electric motor upon request, ex-proof electrical panel and switch for types with ex-proof motors and special fuel filter. There are. It is mounted on a fixed chassis in standard production, but it can also be mounted on a portable wheeled chassis upon request. The fuel pump to be used may be a crawler, star gear or sergeant gear type, depending on the area of use and the specific situation of the project. The mechanical counter is produced for use in industrial environments and provides 0.5% accuracy under suitable conditions.

Product Type:	MTS 40 MN Fuel Meter with Mechanical Numbering
Electric Motor:	380 V, 7.5 Kw, 1500 Dv/Dk, Ex-Proof Electric Motor
Pump:	MTS-MPP-1000 ATEX Certified Vane Pump
Grounding Reel:	ATEX Certified Manual
Control Type:	Ex-Proof Switch
Capacity:	1000 Lt / Min(Max)
Weight:	210kg
Dimension (LxWxD):	900 x 900 x 650
