**This certificate is valid from 31.01.2022 to 30.01.2025**

This Certificate of Conformity is issued on a voluntary basis according to above mentioned standards. It conforms that the listed equipment complies with the related requirements. It refers only to the type test sample and its technical file submitted for conformity assessment. TÜV Austria evaluated the above Production and documentation with the mentioned Equipment, related documents and found to be acceptable according to related standards.

This Certificate of Conformity has been granted to the applicant based on the results of testing performed by the applicant/manufacturer or an accepted laboratory and the consequent review of the test report by TÜV Austria Turk. Revisions to the referenced certification basis or any change of the design, materials, components or processing may require the repetition of all or some of the qualification tests in order for the test report and therefore this associated certificate to remain valid.
